A FRESH APPROACH BY TEASDALE

The old Teasdale Brand makes way for a new dawn

Teasdale's has changed its name to Teasdale Healthcare Equipment Ltd under the new ownership of Emma Teasdale. Barry Teasdale, the founder of the business since 1976, has semi-retired, passing the business to his daughter Emma, who has worked within the business for the past 30 years.

Emma who has worked in all aspects of the Company, from the ground up, says "I am very excited for the future of Teasdale Healthcare Equipment and I hope that my passion for the products shines through. My mission is to continue manufacturing high quality products in the UK and to forge close relationships with our valued customers". Emma is available to meet with customers along with Sales Manager, John Palmer. Emma personally conducts theatre audits, supplies training and is involved with product development alongside clinical professionals.

Teasdale Healthcare Equipment have undergone some changes over the past few months with the launch of a new and vibrant brand. We feel the brand better represents the company going forward. With the imminent new website and brochure launch the brand will give consistency across all our future communications.

Our new strapline "Care in the detail" shows our ongoing commitment to our ethos that everything we do down to the last nut and bolt in our manufacturing is looked at in detail to ensure we are offering our customers the very best in quality assurance.

Product Focus.....

Lithotomy Boots & Wilson Frame

Teasdale Healthcare Equipment is always looking to offer its customers the very best and latest products. This month we are pleased to announce 2 new products to our extensive range of healthcare equipment. Lithotomy Boots

Teasdale have introduced Lithotomy Boots to their currently extensive range of products. The Teasdale Lithotomy Boots are a safe and effective way to position the patient in the lithotomy position while maintaining stability and comfort. The cushioned boots are ideal for cases whereby the legs are extended for long periods of time. Easily attaches to all operating tables and the cushioned pads have securing straps and are replaceable as a separate item.

Wilson Frame

Newly introduced, the Wilson Frame offers a convenient and stable method of maintaining positions for procedures such as laminectomy, disc surgery and microdiscectomy. The laterally adjustable pads are tapered for patient comfort and the adjustments improve ventilation and relieve pressure from the abdomen. Replacement pads and Gel Pads are also available for

Charity Ball

Teasdale's were again able to support the annual **Children with Cancer Charity Ball** for the 25th year running at the Grosvenor House in London. Teasdale's donated 5 packs of Pressure Relieving Gels to the Grand Auction which comprised of a

range of the gel accessories essential for the operating table. The amount raised on the evening was £55,000 and the 5 generous bidders will choose an operating theatre for their gels to be placed.

Teasdale's over the years have raised over £700,000 for their chosen charity which specifically goes into research into childhood cancers and are proud to support the founder Eddy O'Gorman, lifetime achievement winner in Pride of Britain 2018, for this outstanding cause.
